SUBJECT INDEX*

A

A = Airway (Budassi), 127
Abdominal trauma, assessment of (Clutter), 47
Abstracts, 167, 219, 275
Acetaminophen, increasing popularity and inherent dangers of (Schilder), 56
Acute aortic dissection (Hammond), 242
Aftercare instruction, comprehensive approach to (Danis), 114
  overview of (Danis), 31
Airway (Budassi), 127
Alcohol withdrawal syndromes (McElroy), 195
Alcoholic patient, helping, on road to recovery (Svitlik), 199
  stigma management with (Dains), 204
Ambulance personnel, interviewing (Casey), 22
American Indian patient, urban, caring for (Yukl), 110
Analysis of emergency department nursing functions (Mellett), 18
Ankle sprains (Danis), 170
Assessment of abdominal trauma (Clutter), 47
Attitudes, perceptions and, nurses', in changing emergency department use (Yoder and Jones), 156

B

Battered women, unresolved grief in (Flynn and Whitcomb), 250
Bites and stings (Zweng), 179
Bleeding, vaginal, during pregnancy (Danis), 222
Breath, shortness of, young woman with (Budassi), 84
Burn care, Op-Site dressing and (Conkle), 148
Burnout in ED nurse (Mytych), 265

C

Cardiopulmonary arrest, differential diagnosis in (Budassi), 79
Care, prehospital, of man with supraventricular tachycardia (Budassi), 42
Case of tetanus (Budassi), 191
Chest pain, differentiation of, in emergency department (Hartsock), 6
  stab wound to (Galt), 4
Children, sexual misuse of, emergency department nursing perspective on (Weaver and McCarthy), 59
Coagulation, disseminated intravascular (Zbilut), 213
Cold, common, care of (Crnkovich, Gabor, and Peschman), 277
Communication, as component of motivation system (King), 77
Compassion (Pisarcik), 237 (Editorial)
Consent forms, responsibility for (Miller), 33
Copper sulfate overdose (Holleran), 136
CPR in emergency departments, criteria for cessation of, addressing ethical questions surrounding (Robbins), 70
  mechanical (Harmon), 262
Crisis, nursing, opportunity and danger in (Pisarcik), 129 (Editorial)

*January/February, pp 1-38; March/April, pp 39-80; May/June, pp 81-128; July/August, pp 129-182; September/October, pp 183-236; November/December, pp 237-298.

Cuban refugees in emergency department, encountering recent influx of (Demmi and Doxsey), 11

D

Death, sudden, survivors' perceptions of emergency department experience in (Jones and Buttery), 14
Diagnosis, differential, in cardiopulmonary arrest (Budassi), 79
Differentiation of chest pain in emergency department (Hartsock), 6
Dissection, acute aortic (Hammond), 242
Disseminated intravascular coagulation (Zbilut), 213
Dope, dumping, of overdosed patients (Robbins), 279
Dressing, Op-Site, new approach to burn care (Conkle), 148
Dues (Pisarcik), 183 (Editorial)
and more dues (Ebertowksi), 186 (Guest editorial)

E

ED record, responsibility for (George), 230
EDNA abstracts, 68, 116
exciting time for (Pisarcik), 1 (Editorial)
Education, emergency care, in rural areas (Blankenheim and Filicky-Peneski), 103
Educational background and SA-Emergency Test scores (Affeldt), 63
Elderly population, growing, emergency nursing and (Lloyd et al), 162
Emergency care education in rural areas (Blankenheim and Filicky-Peneski), 103
emergency department nurses' specific knowledge of (Affeldt), 63
nursing and growing elderly population (Lloyd et al), 162
in rural areas, aspects of (Schirm, Youshaw, and Wrye), 44
services and nurse staffing in trauma center vs. suburban emergency department (Tolbert and Sutton), 92
triage in (Hanson, Wise, and Robbins), 118
pediatric (Beach), 50
Epistaxis (Manton), 66
Equipment and supply failure in emergency department (George), 76
Errors, medication (George), 285
Ethical questions surrounding criteria for cessation of CPR in emergency departments (Robbins), 70
Ethics, nursing professionalism, and smoking (Blum and Robbins), 171
rethinking, for incompetent patient (Robbins), 223

F

Foreign object-induced sexual trauma (Cummings and Cummings), 24
Forms, consent, responsibility for (Miller), 33
From the literature, 37, 72, 120, 173, 225, 281

G

Gonorrhea in emergency department (Curran et al), 209
Grief, unresolved, in battered women (Flynn and Whitcomb), 250

H

Heart, trauma to (Coakley and Capasso), 255
Heat stroke (Yocum and Bohler), 144
Helmet removal from injured patients (American College of Surgeons Committee on Trauma), 290

I

Illinois Trauma Nurse Specialist Program, Cook County component of (Knezevich), 138
Incidentally, 30, 74, 122, 175, 229, 283
Incompetent patient, rethinking ethics for (Robbins), 223
Indian patient, American, caring for in urban areas (Yukl), 110
Injuries, common ski, and how they occur (Rourke), 245
Interviewing ambulance personnel (Casey), 22
Intravenous medications commonly used in emergency department (Zweng and Galt), 234

J

Journal of Emergency Nursing, exciting time for (Pisarcik), 1 (Editorial)

K

Knowledge, specific, of emergency care (Affeldt) 63

L

Lavage, peritoneal (Budassi), 27
Leadership, as component of motivation system (King), 178
essential qualities for (King), 231
responsibilities of (King), 286

M

Management of radiation accident victims, suggested protocol for (Sinclair), 87
risk, in the emergency department (McLain), 269
stigma, with alcoholic (Dains), 204
Mechanical CPR update (Harmon), 262
Medication(s) errors (George), 285

Medication(s)—cont'd
intravenous, commonly used in emergency department (Zweng and Galt), 234
Motivation system, communication as component of (King), 77
leadership as component of (King), 178
staff involvement as component of (King), 124
theory (King), 35

N

Narcotic administration, repeated (George), 177
Nurse, ED, burnout in (Mytych), 265
staffing, emergency services and, in trauma center vs. suburban emergency department (Tolbert and Sutton), 92
Nursing crisis, opportunity and danger (Pisarcik), 129 (Editorial)
emergency, and growing elderly population (Lloyd et al), 162
emergency, in rural areas, aspects of (Schirm, Youshaw, and Wrye), 44
functions in emergency department, analysis of (Mellett), 18
professionalism, ethics, and smoking (Blum and Robbins), 171
rich and confusing experience (Diers), 39 (Guest editorial)
SOAP notes (Lee and Fraser), 216

O

Op-Site dressing, new approach to burn care (Conkle), 148
Our readers tell us, 3, 41, 82, 134, 188, 240
Overdose, copper sulfate (Holleran), 136
Overdosed patients, dumping dope of (Robbins), 279

P

Pain, chest, differentiation of, in emergency department (Hartsock), 6
Pediatric emergency services triage (Beach), 50
Perceptions and attitudes, nurses', in changing emergency department use (Yoder and Jones), 156
Peritoneal lavage (Budassi), 27
Personnel, ambulance, interviewing (Casey), 22
Pregnancy, vaginal bleeding during (Danis), 222
Pregnant woman, protection of, in emergency department (Stafford), 97
Prehospital care of man with supraventricular tachycardia (Budassi), 42
President's message (Thompson), 81
Professionalism, ethics, and smoking (Blum and Robbins), 171
Protection of pregnant woman in emergency department (Stafford), 97
Protocol, suggested, for management of radiation accident victims (Sinclair), 87

Q

Qualities, essential, for leadership (King), 231

R

Radiation accident victims, management of, suggested protocol for (Sinclair), 87
Record, ED, responsibility for (George), 230
Recovery, helping alcoholic patient on road to (Svitlik), 199
Refugees, Cuban, encountering recent influx of, in emergency department (Demmi and Doxsey), 11
Risk management in the emergency department (McLain), 269
Rules, golden, for accurate triage (Turner), 153
Rural areas, aspects of emergency nursing in (Schirm, Youshaw, and Wrye), 44
emergency care education in (Blankenheim and Filicky-Peneski), 103

S

SA-Emergency Test scores and educational background (Affeldt), 63
Sexual misuse of children, emergency department nursing perspective on (Weaver and McCarthy), 59
trauma, foreign object–induced (Cummings and Cummings), 24
Shortness of breath, young woman with (Budassi), 84
Ski injuries, common, and how they occur (Rourke), 245
Smoking, nursing professionalism, and ethics (Blum and Robbins), 171
SOAP notes, ED nursing (Lee and Fraser), 216
Sprains, ankle (Danis), 170
Stab wound to chest (Galt), 4
Staff involvement as component of motivation system (King), 124
Staffing, nurse, emergency services and, in trauma center vs. suburban emergency department (Tolbert and Sutton), 92
Stigma management with alcoholic (Dains), 204
Stings, bites and (Zweng), 179
Stroke, heat (Yocum and Bohler), 144
Suburban emergency department, trauma center vs., emergency services and nurse staffing of (Tolbert and Sutton), 92
Sudden death, survivors' perceptions of emergency department experience in (Jones and Buttery), 14
Supply, equipment and, failure of, in emergency department (George), 76
Supraventricular tachycardia, prehospital care of man with (Budassi), 42
Survivors' perceptions of emergency department experience in sudden death (Jones and Buttery), 14
Syndrome(s), alcohol withdrawal (McElroy), 195
toxic shock, clinical update (Fuller), 107

T

Tachycardia, supraventricular, prehospital care of man with (Budassi), 42
Tetanus, case of (Budassi), 191
Theory, motivation (King), 35
Toxic shock syndrome, clinical update (Fuller), 107
Trauma, abdominal, assessment of (Clutter), 47
  center vs. suburban emergency department, emergency services and nurse staffing of (Tolbert and Sutton), 92
  to heart (Coakley and Capasso), 255
  Nurse Specialist Program in Illinois, Cook County component of (Knezevich), 138
  sexual, foreign object–induced (Cummings and Cummings), 24
Triage, accurate, golden rules for (Turner), 153
  in emergency services (Hanson, Wise, and Robbins), 118
  in pediatric emergency services (Beach), 50

U

Unidentified flying objects ("UFOs") (George), 123
Urban American Indian patient, caring for (Yukl), 110

V

Vaginal bleeding during pregnancy (Danis), 222

W

Wound, stab, to chest (Galt), 4

Y

You are "they" (Budassi), 132 (Guest editorial)
